<sup>1</sup> Modem activation is required to enable Ford app remote features and most Connected Services. Ford Telematics™ and Data Services Prep included for Fleet ONLY: 5G Wi-Fi Modem provides data to support telematics and data services including but not limited to vehicle location, speed, idle time, fuel, vehicle diagnostics and maintenance alerts. Device enables telematics services through Ford or authorized providers. Activate at [www.fleet.ford.com](http://www.fleet.ford.com) or call 833-FCS-Ford (833-327-3673)

<sup>2</sup> Ford Connectivity Package included for one-year from warranty start date. Requires activation via Ford app with credit card authorization; customer may cancel at any time.
